

## What's Next? What if you have Problems?

It is not the standard of care to routinely reassess clients after surgery. However, here at Smith Family Dentistry we are always happy to examine the site later to make sure that it is healing well.

The following applies to your particular situation:

The dentist would like to see you in one week—Please schedule an appointment at the desk.  
A follow up exam is optional. If you would like one please schedule one.  
Everything should be fine. Please phone if you have any questions.

### Who to Phone when the Office is Closed?

First phone the office for instructions on the answering machine.

Our office number is **905-684-2353**

For your added protection, Smith Family Dentistry is a member of the St. Catharines Dental Society emergency on-call service. If your dentist is unavailable, the dentist on-call can be reached at 905-323-3409.
